In 2020, there were 77 national and international partners committed to Heart Valve Disease Awareness Day. These invaluable partner organizations are committed to raising awareness in their communities and through their outreach and include advocacy groups, aging organizations, professional societies, hospitals and heart centers, and more.
Media Highlights

This year’s campaign had exciting media exposure with letters to the editor placed in 41 outlets across 21 states. Larger state papers, like Florida’s *Tampa Bay Times*, Virginia’s *Roanoke Times*, and Texas’ *Statesman*, helped spread the word about Heart Valve Disease Awareness Day across the nation. The estimated combined circulation of these placements was more than 107 million readers.

A national press release was shared via PRNewswire and was picked up by 136 outlets with a total potential audience of 70,418,225. The press release was viewed 3,099 times and had 199 engagements.

Valve Disease Day was also mentioned in other media outlets, including mentions on Yahoo Finance, Patch.com, and Orange County Breeze, among others. The additional coverage totaled over 18 million in estimated reach.
On Heart Valve Disease Awareness Day and throughout American Heart Month—campaign partners hosted more than 30 in-person and on-line educational events including:

- Flagship event with The Greater Harlem Chamber of Commerce in Harlem, New York that featured guest speakers including, Sue Peschin, MHS, President & CEO of the Alliance for Aging Research; Dr. John Whyte, Chief Medical Office of WebMD; Dr. Icilma Fergus, Director of Cardiovascular Disparities at Mount Sinai Medical Center; and physicians from local New York City hospitals. The event welcomed >200 attendees and received >1,400 views on Facebook Live.

- **>12 MILLION** true listeners reached

INTERVIEWS WERE PICKED UP BY

- NBC News Radio
- Radio One Baltimore
- TSN
- KISS 104.1
- Atlanta's R&B
Social Media & Online Promotion

On Valve Disease Day and throughout American Heart Month, people and organizations across the country shared selfies, personal stories, educational resources, and more.

• A selfie challenge invited patients and advocates to take pictures wearing their Valve Disease Day sunglasses and share on social media to show their support

• Facebook produced 757,841 impressions, 12,947 engagements, 616,500 video views, and 1,416 new fans

• Twitter outreach had overall exposure of 5.4 million and >3,000 engagements and Twitter chat reached an estimated >55 million

• Instagram produced 13,700 impressions, 635 engagements, and 59 new followers

• A Blog Carnival shared blog posts from campaign partners sharing their stories of valve disease, why they joined the campaign, and more
This year, the Valve Disease Day campaign ran a contest for Facebook followers and asked them to share their stories.

Carol G. was our winner and was featured on a digital billboard in Times Square the week leading up to February 22nd. The ad ran every minute for the week at the intersection of 42nd St. & 8th Ave.—home to Ripley’s Believe it or Not!, Madame Tussauds, Regal Cinemas, and the New Amsterdam Theater.

Carol G. also shared the news proudly and widely in her community and had local newspaper coverage of her story.
